Topic description

Objective:

The Capacity Building in Higher Education (CBHE) action supports international cooperation projects based on multilateral partnerships between organisations active in the field of higher education. It supports the relevance, quality, modernisation and responsiveness of higher education in third countries not associated to the Erasmus+ programme for socio-economic recovery, growth and prosperity and reacting to recent trends, in particular economic globalisation but also the recent decline in human development, fragility, and rising social, economic and environmental inequalities exacerbated by the COVID-19 pandemic.

Приоритеты

General information	<ul style="list-style-type: none"> HEIs located in remote regions/areas of third countries not associated to Erasmus+ programme; Newcomers or less experienced HEIs and Faculties from third countries not associated to the programme; Involvement of students and staff with fewer opportunities.
Topic description	<p>Overarching priorities to be covered by projects under Strand 1</p> <p>Each applicant will need to identify in Part C of the application form only one of the overarching priorities, which are defined by the Commission per Region.</p> <ul style="list-style-type: none"> For Regions 1 to 3 sub-priorities have also been defined (see Part C of the application form). Within the overarching priority identified by the applicant, the project must choose mandatorily only one sub-priority. For Regions 4 to 11 only overarching priorities exist and only one of them has to be chosen by the project. <p>OVERARCHING PRIORITIES IN REGIONS 1- 3</p> <p>Region 1: Western Balkans</p> <p>Green deal: Projects should promote long-term economic recovery by increasing the Region's competitiveness and stimulating green jobs. Priority areas include climate, environment, circular economy and fighting pollution. Projects should pave the way to a climate neutral society by supporting reforms of education systems in order to guarantee that people are equipped and prepared for the labour market and society of tomorrow.</p> <p>Digital transformation: Projects should support the development and uptake of digital skills to make the digital transformation as comprehensive and inclusive as possible. Encourage development and implementation of digital education strategies. Accompany the digital transition by mainstreaming digitalisation in education systems and reinforcing programmes covering digital skills. Provide assistance to teacher training and online education learning.</p> <p>Migration and Mobility: Projects should promote mobility and in particular, support recognition of degrees and credentials in the Region, and contribute to a regional credit transfer system to enable intra-regional connectivity and building a regional higher education area.</p> <p>Governance, peace, security and human development: Address regional structural weaknesses by supporting cooperation and/or reforms in the areas of governance, rule of law and the fight against corruption. Project proposals centred on health governance are encouraged, particularly those linked to preparedness and resilience.</p> <p>Sustainable growth and jobs: Quality education is a key factor for securing growth and jobs and for addressing challenges linked to unemployment and skills mismatches. Investing in human capital and entrepreneurship helps societies to prepare for the future, by putting a halt to brain drain and supporting the transition to a knowledge-based economy. A key objective is to tackle the existing mismatch between education outcomes and labour market demands, including through the development of work-based learning. Inclusiveness participation of all citizens, including Roma, in education and training systems will ensure that no one is left behind.</p>

The screenshot shows the EU Login website interface. A red box highlights the 'EU Login' header and its tagline 'One account, many EU services'. A language dropdown menu is set to 'English (en)'. In the top right, there are buttons for 'Create an account' (annotated with a red circle '4') and 'Login' (annotated with a red circle '3').

On the left sidebar, a menu is annotated with a red circle '1' for 'About EU Login'. Below it are links for 'Cookies', 'Privacy Statement', 'Contact' (with a 'Contact' button), and 'Help'.

The main content area features the heading 'Introduction to EU Login.' followed by a paragraph: 'EU Login is the European Commission's user authentication service. It allows authorised users to access a wide range of Commission web services, using a single email address and password.'

Below this is the 'User Guide' section, annotated with a red circle '2', which says 'Please refer to the [User Guide](#).'

The 'Frequently asked questions' section is partially visible, with a sub-heading 'I work in a European institution' and a paragraph: 'You're working for a European institution and have questions about your account, initialising your password, using multifactor authentication or anything else?'
